Dear Mr. Brown,

Thanks for your letter concerning your membership status now that you are both a sailboat and motorboat owner. You caught my attention so I listed from my computer rolls all current members who were elected in the 1930's. As you indicated your name lead the list. I thought you would be interested in who was listed and have attached a copy of the list.

Though article XI, section 2 is pretty explicit about motor boats and membership it does let us refer any question to the Board of Governors for appropriate action. We do not have a Board of Governors meeting until April 7 and I would like to bring the matter up at that time. If I goof and send you a dues notice follow up in mid March, please ignore it and accept my apologies. You will hear from me about mid April and there will be time to make any dues payment then,

Good luck with your mini-trawler. I haven't seen a Outer Reef 26 1/2 and will keep my eye peeled for one. Thanks again for your letter and I will get back to you in mid April.

Sincerely,

Neal H. O'Connell
Secretary

Gentlemen:

Although we continue to own a "C+C 30" Sequence, home port Deer Isle, Maine, we have just sold our "C+C 25" and have purchased a mini-trawler, Outer Reef 26 1/2' now named Textarin for cruising in the Waterway here in Florida.

The writer has been a member of Off Soundings since 1935 (I believe longer than any one still living) and well remembers the early Spring and Fall races, but now may be disqualified as a power boat owner. Will therefore hold the bill for dues until advised.

Sincerely,
Phelps Brown
