

ENTERTAINMENT COMMITTEE REPORT - Fall 1977

Four years resume:

Totals spent:	1974	\$ 3705.32	
	1975	2419.55	
	1976	4175.85	(inventory problems never were resolved)
	1977	3352.97	

The 1977 figure includes the bum boats and portable heads at Shelter Island, without which we would have a figure of \$3012.97.

HAVING the party at Shelter Island in the spring and Block Island in the fall cuts down on expenses, and there is a good deal of competition between the two locations, and they were both very cooperative and really went out of their way to try to get the Club to come back.

Nicholas Staub, Chairman
Entertainment Chairman
