Re: Reading of Race Results - Fall 1997

Listed below are the reading assignments for our 1997 Fall series on September 12 and 13th. I hope all are willing and able to comply.

We will read through the classes once on Saturday announcing only the series place and how the yacht placed in Saturday's race/races. Hopefully, this will simplify the reading and keep the listeners attention.

Weather permitting "Bretons and Blazers" are always appreciated, particularly on Saturday. If you will be unavailable, please let me know as soon as possible. Thanks for your help.
