DNCs are adjusted out of the entry numbers as those entries were essentially withdrawn.

Class D guests are not in the counts as they do not follow the normal guest procedure and do not result in the recruitment of many members.

Class T is not in any of the numbers as it was something of a short term anomaly that resulted in no additional members.

Class J and Class M participation is moved into Classes C-2 and C-1 respectively as that is where the remnants have ended up.
