

OFF SOUNDINGS CLUB

Office of
MEASURER
60 Dart Street
New London, Conn. 06320

MEASURER'S REPORT for the year 1977

The year began with 459 active certificates on file. The Measurer processed 192 new certificates and 34 revisions to still-active measurements. At year end, the active file contains 613 valid certificates. The following is a summary of activity in recent years:

	<u>1973</u>	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>
Beginning	523	583	682	639	459
New	206	219	243	178	192
Revisions	49	54	46	37	34
Year end	583	682	639	459	613

All active ratings, including all the measured data, are stored on our disc-pack at the Greene Plastics computer facility. Mrs. Rabe is continuing to provide programming support.

Mr. Prescott W. N. Gustafson was removed from the roster of measurers, at his own request.

Correspondence regarding the use of the Off Soundings Club Measurement Rule has taken place with the Norton Point Sailing Club and the Deep Creek Yacht Club.

The Measurer and Mr. Norman Rabe have taken an active role in bringing the Performance Handicap Racing Fleet (PHRF) handicapping system to this area, serving on the ECYRA PHRF Committee and on the Off Soundings Club PHRF Committee. The Club has joined the Pacific Northwest PHRF Fleet and will soon undertake a similar arrangement with the Southern California group.

Respectfully submitted,

Richard H. Roberts
Chief Measurer
