Re: Reading of Race Results

Listed below are the reading assignments for our 1998 Fall Series on September 18 and 19. I hope all are willing and able to comply.

We will read through the classes once on Saturday announcing only the series place and how the yacht placed in Saturday's race/races. Hopefully this will simplify the reading and keep the listeners attention.

Weather permitting "Bretons and Blazers" are always appreciated, particularly on Saturday. If you will be unavailable, please let me know as soon as possible. Thanks for your help.
