CAPTAIN'S RESPONSIBILITY

The Off Soundings Club frequently races in severe weather conditions. However, the safety of a yacht and her crew is the sole and inescapable responsibility of the captain, who must insure that the yacht is sound, seaworthy and manned by an experienced crew who are physically fit. The establishment of minimum equipment regulations in no way reduces or limits this responsibility. He must further insure that all equipment is properly maintained and stowed, and that the crew know where it is kept and how it is to be used. It is also the sole and exclusive responsibility of the captain to decide whether or not to start or continue in any race. (See also USYRU rule 1.3)

The organizers bear no responsibility for accidents, damage or injuries to yachts or their personnel arising from any cause during these races or related activities.

CERTIFICATION AND WAIVER

I hereby certify that I have read the above entitled CAPTAIN'S RESPONSIBILITY as well as the ORC MINIMUM EQUIPMENT AND ACCOMMODATION STANDARDS, Category 4 (as adopted by the Off Soundings Club for its use-January 1981) which accompanied this entry form, that the yacht hereby entered conforms in all respects and that all required equipment will be on board at all times during these races.

I hereby agree that neither I nor any of my crew shall hold the Off Soundings Club nor any of its officers, governors or committee members responsible for accidents, damage or injuries during the races or related activities. No crew member will be aboard my boat who has not consented to this waiver in his or her behalf.

Nothing herein shall waive any claim which I or my crew members may have against any officer or member of the Off Soundings Club acting in his individual capacity as a participant in the races as a captain or crew member of any yacht competing in these races.

It is suggested that you disclose this Certification and Waiver to your insurance carrier prior to the race.
