Fellow Members,

From time to time various commercial interests approach the Club to use or even to buy the list of our members, or to seek permission to contact our members. These requests are **INVARIABLY** rejected. Your Board believes that no one should be allowed access to you through your membership in Off Soundings, for commercial or other purposes, and we refuse to give out our membership list.

Unfortunately, many of you have been contacted by a member who has used the membership list for commercial purposes. This was done without the approval of the Board of Governors. The Board deplores this action, and believes it to be a breach of good manners and fair play.

Such use of our membership list is not to be confused with the occasional communication we receive about Club House. Off Soundings has a formal relationship with Club House, which the Board established for the benefit of the members.

The Board urges every member to refrain from using the membership list for personal gain, whether for commercial purposes or otherwise. We regret that this happened.

Sincerely,

Peter W. McFadden
