March 21, 2001

TO: Wes Maxwell, Peter McFadden, Richard Roberts

FROM: Andy Anderson

SUBJECT: Long Range Planning Committee - Venue report 2001

ENCLOSURES: A. Summary of 1996 Race Venue Survey and Ad
Hoc Committee Review dated 3-20-01

B. Long Range Planning Committee 2000/2001
Venue Update as of 3-20-01

Commodore Bohlen established a Venue Committee at the January 2001 Board meeting and related its mission to the membership in his news letter of February 2001. We therefore are on the hook to report, if possible, at the April 7 Board meeting. Please review the Enclosures and respond to me by the 3rd of April so I can coordinate our response.

There is not a lot of time to achieve consensus on this subject but would appreciate your comments (by phone is fine) before the Board meeting so as to put forth as balanced a report as possible.

Thanks in advance,
