

OFF SOUNDINGS CLUB

349 State Street
Springfield, Massachusetts

N O T I C E

Enclosed you will find another copy of the instructions covering the October 10th and October 11th races. You are urged to be sure and bring this with you so there will be no confusion in regard to the time and place of starting and also the courses.

The Committee wish to emphatically impress upon you the races will be started promptly as scheduled for the respective classes.

You are urged, if at all possible, to have your boat at New London a few days in advance of the race which will assure all entries being there in time for the start Saturday morning.

Any information that you may require can be obtained from the Committee at Marsters dock, New London. You will see from the attached list, of entries to date, that there will be plenty of competition to make the racing interesting.

You and your crew are invited to report after the first day's race at the Montauk Yacht Club pier at Great Pond for a general get together. The Entertainment Committee are counting on you being there without any further invitation.

The Montauk Beach Development Corporation have arranged to have the local meat, grocery and dairy merchants make a call at the Yacht Club pier October 10th. This will make supplies available at Great Pond, Montauk.
