Columbus Day  
1977

Dear Commodore Robinson,

Since pressing educational matters require my person (and purse - mostly the latter) in other climes, I will be unable to attend the October meetings - Hence, a brief report -

We again received a favorable press - in three states no less - including an almost eulogistic editorial in the "DAY", and all dark hints concerning people who go sailing in "the strangest weather" were quietly blue-pencilled from all copy. We also successfully defended our title against rumors of feeder races from the remote reaches of Vermont - after all there wasn't a Siberian registry in the whole fleet.

Finally, with thanks to the Race Secretary who faithfully sends the Final Notice to various scribes we hit a new high in spelling accuracy - both ships and skippers. Only the Wasleys were thinly disguised as "moddy Blue".

With good winter thoughts RSDY
