RACE SECRETARY  
8 CHESTNUT HILL SQUARE  
GROTON, CONNECTICUT

RESULTS OF FALL RACE SERIES, 1961

High winds and heavy seas combined to make two days of challenging racing for the 131 boats which competed in the series. Although 176 boats had entered, a strong southwester that came up in small hours of Friday morning robbed a lot of sleep from those crews at the docks in New London; was still going strong at starting time, and prevented a number of the smaller boats from getting to the starting line, or discouraged them from trying.

Later in the morning, the fleet was blasted by a squall of such force and suddenness that it swamped and sank Charles LaCour's 36 foot sloop NOR'WESTER, dismasted Breck Marshall's Galaxy MABUHAY, dismasted Roger Neidlinger's schooner BARTHOLOMEW GOSNOLD (both masts), and caused other less dramatic, but no less unfortunate, damage through the fleet. Quick action on the part of the crews of Howard Mill's CELERITER II and John Wheeler's BLUE JACKET resulted in the rescue of NOR'WESTER's crew in a very few minutes. Both of these boats sacrificed very good positions.

Saturday's races started in a 30 knot northerly blow that saw most of the fleet reefed down. During the morning the wind and seas gradually abated and the sun made its first appearance, remaining with us the rest of the weekend.

The 1962 spring races will, in all probability, be held the weekend prior to the start of the Bermuda Race. You will be advised of the exact date later.

Club members are urged to save October 28th for the Dhow Derby and luncheon at the Mystic Seaport. More information on this later.

Sterling tie clasps bearing the Club burgee are still available from the undersigned (\$5.00).

Your attention is called to NAYRU Rule No. 25 (Revision of 1961) pertaining to racing numbers being required on spinnakers as well as on mainsails. This will be a requirement for all future Off Soundings Club Races as voted by the Board of Governors, April 8, 1961.

Without the generous contributions by the entrants, these races (and parties) would not be possible. Our thanks to the contributors, and to the few who forgot ---- get it up !

As in the past, all corrected times are figured from the starting time of the first class. To compare corrected times of boats in different classes, remember to take into account the time difference between class starts.

Listed below are the Perpetual Trophy winners for the year 1961. Trophies will be presented at the Annual Winter Meeting.
