

THE DERING HARBOR  
P. O. DRAWER A. D.  
SHELTER ISLAND HEIGHTS, L. I., N. Y. 11965

Dear Friends;

Once again, the time has arrived to begin making your reservations for the upcoming season at The Dering Harbor. Each year it seems as if there are more and more days when we are forced to turn away last minute callers. This year we hope that you, our past guests, will reserve early and not be left out, especially for the fast approaching and ever more popular Spring Weekends.

In response to the preference of an apparent majority of our guests we are instituting two important changes this season. First, we will no longer be offering the Modified American meal plan. We will continue to serve three outstanding meals each day, but henceforth strictly on a European plan basis. Our dinners will again feature the choice steaks and fresh local seafood that were so popular last season. Sunday night, of course, will be reserved for the long standing tradition of our famous buffet.

Our second change involves the elimination of the automatic 15% service/gratuuity charge, which will no longer be added to your bill. Beginning this season, all tipping must be handled on an individual basis.

Some of our other plans include an expanded schedule of outstanding entertainment, weekly cookouts on the patio, many more beautifully redecorated guest rooms and new color televisions in every accommodation.

So please plan now to once again visit The Dering Harbor and enjoy all we have to offer. We will be opening Friday, May 11th. For reservations, please call 516-749-0132 until April 23rd, and then our regular number, 516-749-0900.
