Bob,

Sorry for the delayed response. We are still on Fishers with limited Internet at times in addition to traveling the state of PA looking at colleges.

I talked with Neal this morning and told him I am coming over from here in the morning in our boat unless it is really nasty. If I have to take the 8:15 ferry I could be 15-20 minutes late.

The only additional expenses I had last year were for the wrist bands for spring and fall. (We will have to decide if we want to continue with those.)

I also ordered a box of envelopes from Quality printers (I have plenty for next year).
Plus stamps for the mailings.

I am not sure if we want to change venues at Block due to the "paid bartenders" at Narragansett unless we find out that the Oar adopts the same policy.

I would like to check with Marcie (race week organizer this year I think) to see if we can get a deal w/ them on the tent. I was able to shave off about 500 last year for the tent and some more from party expenses.

If expenses are a factor, we could consider the suggestion of sponsors. I do not know how the club feels about that or exactly where we would go. Instead of Mt Gay or any other liquor or beer product, I wonder if Mystic Seaport would be a thought for consideration.

As far as the Fall, I do not see how anything could be changed unless again we consider sponsors and are able to get a larger tent.....but then the weather will be great. The bill from Townsend was exactly the same this year as it was last year; except we had the separate wine bill last year.

Again if money is an issue we could always look at how our fees compare with other like events.

See you tomorrow
Best,
Sara
