Hi Alex
It was nice to see you at
Off Soundings party.
It seems that we get together
all to seldom.

One of my first memories of
you come from drifting end for end
inside of Branford Reef light when
you swam over to Chanteyman and
came aboard to look us over. This
was in a Vineyard Race and long long
ago. I particularly remember your remark
as you looked below and saw that we
were cooking a steak. Your remark was
"Good Lord we are having Jelly & peanut butter
sandwiches."

Enclosed is a copy of the song
hope you enjoy it
all the Best

Ed
