

OFF SOUNDINGS CLUB

*Mailed out
Dec '63*

OFFICE OF
RACE SECRETARY
SMITH'S NECK
OLD LYME, CONN.

The Off Soundings Club in the past has found that certain members and non-members occasionally find themselves either boatless or without a berth but would like to sail in our two annual races. By compiling a crew registration list each year we can assist our own members and also have available a good list of potential crew members for races other than Off Soundings throughout the year. This list will be distributed to Off Soundings Club members and selected Yacht Clubs. To initially publicize this register a notice of this endeavor will appear in an early issue of Yachting Magazine.

Additional copies of the crew registration blank may be obtained by writing the Off Soundings Club Race Secretary.

Our first notice to members goes out approximately the first week in April and the Off Soundings Races take place approximately the early part of June and September. Therefore, all registration lists should be filled out and in the hands of the Race Secretary no later than March 15 in order to be compiled and enclosed with the April mailing. Please print or type all information.
