

OFF SOUNDINGS CLUB

June 30, 1959

OFFICE OF
RACE SECRETARY
194 LOWER BULEVARD
NEW LONDON, CONN.

NOTICE

Attached are the results of our Twenty-Second Annual Spring Race. We had 177 entries, 144 boats raced on the first day and 128 boats raced on the second day.

We wish to thank everyone who contributed so generously to the Liquidating Fund. If everyone continues to bear his share of the expenses at the rate of \$3.00 per head, the Club should be in good shape financially.

I am quite sure that this series will long be remembered as the roughest one we have had in many years.

Bill Thomas, our new Race Committee Chairman, and his entire committee are to be congratulated for using their heads as well as the radar to determine the best time for the start on Saturday. It was the consensus of everyone that the Race Committee did an outstanding job.

We regret exceedingly the absence of the White Nun and the difficulty a few had in locating the marker launch, which substituted for the nun. It was extremely hard to get any bearing, hence the location of the launch was somewhat off the original location of the White Nun. However, many boats did spot the launch and round it. We regret the problems it caused you and can assure you this situation will not happen again.

On a trial basis, we are listing some of the unusual happenings that took place during this race series. In the future, anyone having an unusual or amusing incident to relate, kindly forward this to the Race Secretary immediately upon your return home.

Because of the unusual weather conditions, you may be interested in some of the highlights during the race series and on the trip home Sunday.

Prior to the race Saturday, both WHITE MIST and NEKTON were struck by lightning. NEKTON having some of her rigging fused and internal wiring charred. This happy event got the crew in just the right frame of mind to start a race. WHITE MIST faired better. Probably some of the crews' hair stood on end. There were several close misses

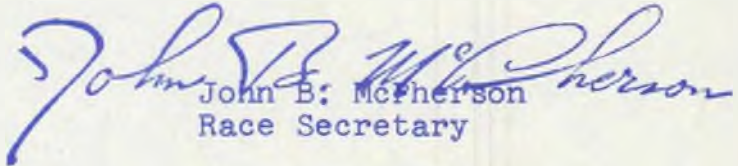

and it certainly contributed to the hazards of the day. Several boats blew out sails either on Saturday or Sunday and many returning home had to put into various ports along the coast because of the heavy winds and high seas. On Friday, ANTARES lost her centerboard but raced anyway on Saturday and did quite well. WHISKER lost her mast almost within sight of home port and INTERIM cracked a mast fitting going through a particularly heavy sea near Faulkner's.

All in all, it was a rugged weekend which we hope will not be repeated for the fall race series. We shall hope to see you all then.

The dates for the fall series are September 18th and 19th with the entry closing date August 27, 1959.

Sincerely yours,

OFF SOUNDINGS CLUB

John B. McPherson
Race Secretary
