

Seamen's Inne, Inc.

Mystic Seaport

Mystic, Connecticut

Area Code 203 536-9649

MEMO TO: Off Soundings Club Member

FROM: Tom Aageson, President

When you step into the Seamen's Inne April 7th for the Annual Shore Party there will be signs of new things happening. Since late Fall we have been making plans and several projects are underway.

You will find the tables attended by waitresses in authentic 19th century costume. Their long dresses, full aprons and white hats are beautiful.

You will not recognize the old bar. Right now construction is underway to recreate a 19th century oyster bar and salon. There will be an oyster shucker to serve up fresh bench-opened oysters and hearty drinks. Our plans are to finish and be open for your arrival (with a little luck!).

We are putting our Bake Shop to work. All of our desserts and breads will be made on the premises. We will serve one of these new desserts to you April 7th!

New things here and to come are ... old fashioned clambakes on the lawn all summer ... a New England Brunch every Sunday ... New England Shore Seafood Buffet in the summer ... and authentic 19th century recreated meals.

Well trained service personnel will be at your table. Chefs are demanding standards be maintained at consistent levels of high quality.

I personally welcome you to a changing Seamen's Inne.

Thomas H. Aageson
